

The Kamikaze Diary

Detroit's mean streets. Two orphaned boys. The beginning of a life of crime. An elderly Japanese grandmother fights for her grandsons life with her only weapons - good food, tough love, and a forbidden diary. Eleven year old Mu-Chan learns the meaning of true courage when he and his friend, Johnathan, discover the stirring words of his kamikaze grandfather, a man who chose to live.

Kamikaze diaries: reflections of Japanese student soldiers By Emiko Ohnuki-Tierney. D.P. Martinez. School of Oriental and African Studies. HOW unbearable to die in the sky, wrote Tadao Hayashi, a student pilot, in his diary on July 27th 1945, the night before his plane was shot. The writings left behind by tokkotai pilots and other student soldiers who perished in the futile military operations conducted by the Japanese at the end of World War II yield stunning and profound insights into the position and consciousness of young soldiers under the extreme conditions of war. From Publishers Weekly. Like Anne Franks diary, this collection of kamikaze pilot diaries (translated by anthropologist Ohnuki-Tierney) uses over the last decade or so there have been several Japanese comedic and dramatic interpretations of life as a kamikaze pilot. Kimi o wasurenai (Fly, Boys, Fly!), Review of a book with English translations of wartime diaries and letters written by Japanese student soldiers, including three members of Japan's special attack forces.
