

# A faithful narrative of the surprising work of God in the conversion of many hundred souls in Northampton, and the neighbouring towns and villages of the county of Hampshire The third edition.

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century.++++The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification:++++British LibraryW020291Running title: A narrative of late surprizing conversions in Northampton, &c. The shorter preface is signed by Joseph Sewall, Thomas Prince, John Webb, and William Cooper; the attestation by William Williams and five others. Boston: N.E. : Printed & sold by S. Kneeland [and] T. Green, over against the prison in Queen-Street, 1738. [2],viii,v,[1],79,[1]p. ; 8
