

## At the Cottage

Zoe is not one of the in crowd. Shy and lacking confidence, she has always kept to herself. She expects to spend the summer largely alone and bored at the cottage. When brash, outgoing Mackenzie adopts her into her group Zoe tries desperately to fit in. But the gang is chiefly concerned with booze, pot and sex, and Zoe will find all her inhibitions and fears challenged if she wants to prevent herself from being cast out. She submits to their will and their bondage games, to obedience and dark, thrilling use and possession. As the summer wears on she endures and revels in being a sexual object, a sexual creature without inhibition, doing things she has onyl ever dreamed of. She could have spent the summer bored, and instead will spend the darkest, most thrilling summer of her life exploring her own dark side!
