

The Source of Life, The Spirit of Words: The Message from Water II

We exposed familiar words and phrases to water and obtained messages formed as water crystals. Furthermore, we exposed water to the same words in other languages, such as Japanese, English, German, and so on. You will see the sparkling beauty of Thank-you water crystals in many languages, and it tells us how important this phrase is. Other interesting experiments are introduced in this book, such as How would electromagnetic waves affect water? The answer that we obtained from these experiments was that our thoughts make an impact. Also, spectacular water crystals were formed when exposed to classical and folkloric music, which shows the beauty of those types of compositions. These water crystals will change the way you view your life! Masaru Emoto
