

Lod the Galley Slave (Lost Civilizations) (Volume 7)

Lod the fanatical pit slave ranges the Pre-Cataclysmic Earth to confront the Nephilim, the offspring of fallen angels. They have supernatural size, strength and mystic powers. He has a sword, a knife or at times merely a fist. But in him burns visions from Elohim, giving him the courage to rise up and fight the invincible. He began in the canals of Shamgar, trolling the waters as bait for the giant rats. Years later, he toiled in the galleys of Poseidonis, a chained beast rowing to face the dreaded fire ships that always destroyed their foes. Lod faced the duel of his life on the Isle of the Dead, assassins attacks and the heart-freezing terror of the kraken. Heroic fantasys mightiest warrior storms his way through five thrilling tales from prehistoric times.
