

Her First Lesbian Experience Vol. 4

Explore three wonderful tales of first time lesbian sex. When Megan's gay friend drags her along to the new gay bar in town, Megan is surprised to find that she actually enjoys it there. And when a beautiful stranger takes her back to their apartment, Megan is pleasantly surprised to discover a side she never knew she had. Morgan spends her summers in the big city with her uncle. But one year, she is left alone with her step cousin. She had never really spent much time there until now, but it doesn't take long to get to know her and her friends. Together, the girls discover their sexuality under the summer sun. Vanessa is the popular and pretty girl at school. She always thought that her secret was that she actually cared about her grades. But, when she gets a tutor for math, Vanessa soon learns that she has another secret; a crush on her female tutor, and she's pleased to find out that her tutor feels the same.
