

New York Motion Practice Handbook & Forms

New York Motion Practice Handbook & Forms identifies the statutory provisions governing various types of motions and the key decisions that interpret them. The book addresses some topics that do not generally receive discussion in a CPLR treatise, such as the main substantive provisions of the Statute of Frauds, common law tolling doctrines, and grounds to disqualify counsel or for recusal of a judge. The book includes discussions of: Motion to Dismiss, Disclosure Motions, Provisional Remedies, Motions Concerning Parties, Miscellaneous Pretrial Motions, Summary Dispositions, Trial Motions, and Motions to the Appellate Courts. Cohen not only describes the mechanics of making the motions, but the legal grounds underpinning them as well. Included are 80+ forms and sample documents on CD.
